

# Hazardous Walking Site Review Checklist

(To assist in determining eligibility for school transportation based on hazardous walking conditions in accordance with section 1006.23, Florida Statutes)

## Walkways Parallel To The Road

- |            |           |  |
|------------|-----------|--|
| <u>YES</u> | <u>NO</u> |  |
| _____      | <u>X</u>  | 1. Is the location in a residential area with little or no traffic? Is the location in a residential area and on a road or street that is not used as a major artery or cut-through?   |
| _____      | <u>X</u>  | 2. Is the location on a road where the traffic volume is fewer than 180 vehicles per direction per hour at 6:00 am - 9:00 am and 2:00 pm - 4:00 pm? <b>Note: If the traffic count during the times students must walk is <u>180 vehicles per hour or more, in either direction</u>, the answer to this question is "no."</b> |
| _____      | <u>X</u>  | 3. Is the area located in a residential area and on a road that has a posted speed limit of 30 miles per hour or less?   |

**If the answer to either 1., 2. or 3. is "YES," the area does not qualify as a hazardous walking location.  
If the answers to 1., 2. and 3. are all "NO," continue to next question.**

**If the posted speed limit is less than 50 mph:**

- |            |            |   |
|------------|------------|---|
| <u>N/A</u> | <u>N/A</u> | 4. Is there an area at least four feet wide with a "surface upon which students may walk" that prevents the students from having to walk on the road? <b>Note: The surface does not have to be a sidewalk, but simply a surface upon which the students may walk. Weeds, tall grass or flooding may be temporary maintenance problems that do not constitute a hazardous walking area. A walking surface does not include drainage ditches, sluiceways, swales or channels. A paved area contiguous with the paved roadway or extended shoulder (also known as a "breakdown lane"), with no separation from the driving area or raised curb, is <u>not</u> a walkway.</b> |
|------------|------------|---|

**If the posted speed limit is 50 mph or greater:**

- |            |            |   |
|------------|------------|---|
| _____      | <u>X</u>   | 5. Is the road uncurbed with a four-foot wide walking surface (as defined in 4. above) separated from the road by an additional three or more feet? |
| <u>N/A</u> | <u>N/A</u> | 6. Is the road curbed with at least a four-foot wide walking surface (as defined in 4. above)?  |

**If the answer to 4., 5. or 6. is "YES," the area does not qualify as a hazardous walking location.**

# Walkways Crossing Over The Road

(When students must cross the road)

A. For an “uncontrolled crossing site” (no crossing guard, traffic enforcement officer, stop sign or other traffic control signal present during student walk times):

YES

NO

N/A

N/A

1. Does the traffic volume exceed 360 vehicles per direction, per hour (either direction, including all lanes in each direction)?

N/A

N/A

2. Does the road have a posted speed limit of 50 MPH or greater?

N/A

N/A

3. Does the road have six or more lanes (not including turning lanes)?

If the answers to the above questions are “NO,” the area does not qualify as a hazardous walking location. If the answer to any of the above questions is “YES,” the area would qualify as a hazardous walking location.

B. For an intersection or crossing site controlled by a stop sign or other traffic control signal, but without crossing guards or traffic enforcement officers during the times students must walk:

N/A

N/A

1. Does the total traffic volume (total of both directions) exceed 4,000 vehicles per hour?

If the answer is “NO,” the area does not qualify as a hazardous walking location.

C. Any intersection or other crossing site with a crossing guard or other traffic enforcement officer does not qualify as a hazardous walking location, regardless of the posted speed limit.

D. Comments/Notes/Diagrams:

See attached materials.

# Hazardous Walking Site Review - Documentation and Authorization

School District: Lake Site Review Date: 03/10/2016

Hazard Location: State Road 33 south of Groveland

Hazard Location Is:  Parallel to the road Traffic Count: 505 (afternoon)  
 Crossing over the road Traffic Count: \_\_\_\_\_

Hazard Jurisdiction:  Municipal (Identify: \_\_\_\_\_)  County  State

Permanent Hazard?  Yes  No If no, anticipated correction date: \_\_\_\_\_

School District Representative: William C. Davis  
Print Name Signature

Email: davisw@lake.k12.fl.us Phone: 352-253-6527

Roadway Jurisdiction Representative: \_\_\_\_\_  
Print Name Signature

Agency/Entity: Florida Department of Transportation Title: \_\_\_\_\_  
Email: \_\_\_\_\_ Phone: \_\_\_\_\_

Law Enforcement Representative: \_\_\_\_\_  
Print Name Signature

Agency/Entity: Lake County Sheriff's Office Title: \_\_\_\_\_  
Email: \_\_\_\_\_ Phone: \_\_\_\_\_

Metropolitan Planning Organization Representative: Michael F. Woods  
(If applicable) Print Name Signature

Agency/Entity: Lake-Sumter MPO Title: Transportation Planner  
Email: mwoods@lakesumtermpo.com Phone: 352-315-0170

Assigned FDOE Hazardous Walking Database Location Code: 110007 Date Entered: 10/08/2015

Staff assigning and entering hazardous walking location into the database: William C. Davis
